AMENDMENT TO THE SUMMARY OF THE PROGRAMME

In the Section Summary of the programme appearing on pages 1 to 16 of the Base Prospectus, the Element B.4b entitled "*Description of any known trends affecting the issuer and the industries in which it operates*" is hereby replaced by the following:

B.4b	Description of any known trends affecting the Issuer and the industries in which it operates	<p>The objectives of the Group for 2015 are fully aligned with the law of 7 July 2014 relating to the development and international solidarity policy, as well as the contract of objectives and means. They are consistent with the objectives held in 2014. The contract of objectives and means sets out 18 of the objectives for the period 2014 to 2016, covering the following areas:</p> <ul style="list-style-type: none"> - Financial aspects and the performance of the AFD group; - Differentiated partnerships; - Sustainable development; - Partnerships and influence; - Assessment and operational efficiency; - Production of knowledge and training; - Monitoring of activity. <p>With EUR 8.3 billion of approved investments, the activity of the Group should grow by 3% compared to 2014, with a major contribution from non-sovereign operations which should represent 42% of activity. With approximately EUR 3.8 billion of investments in Africa, the Group will continue to mobilise itself in order to contribute to its presidential commitment of granting finance in this continent. The activity of AFD in Sub-Saharan Africa and in the Mediterranean zone will represent 62% of total activity. In the rest of the world, the mandate for solid and green growth will guide operations, with a strong focus on financing projects that contribute to the fight against climate change. This is in line with preparations for COP 21, in which the AFD will actively contribute. Activity in the Asia-Pacific zone should increase compared to 2014, passing from 19% to 21% of AFD investments in foreign States. In the Latin America and Caribbean zone, there will be marked development in new countries (Peru, Ecuador and Bolivia).</p> <p>Other recognised trends affecting the Issuer include:</p> <ul style="list-style-type: none"> - As a result of the Group surpassing the threshold of EUR 30 billion of assets in 2014, AFD is now subject to the 'comprehensive assessment' exercise carried out by the European Central Bank (ECB). On 14 November 2015, the ECB published the results of the 'comprehensive assessment' exercise in respect of AFD. The evaluation exercise indicates that AFD has an apparent shortfall of coverage of EUR 96 million in an adverse scenario, which is offset by a specific mechanism called the "Reserve Account". It is financed by the French State to cover sovereign risks and is set out in AFD's books (EUR 547 million at 31 December 2014). ECB has consequently made no recommendation to AFD; - The ongoing evolution of the global economic environment; - Changes in IFRS norms; - The change in collateral practices - 2015 should see the implementation of certain changes adopted in 2014; and - The new prudential requirements relating to capital and liquidity. <p>On 25 August 2015, the French President, François Hollande, announced that he had initiated a reform with a view to creating closer ties between AFD and the Caisse de Dépôts group. Further details of this reform have not yet been published. The transcript of Mr Hollande's announcement can be found on the website of the French Presidency: www.elysee.fr.</p>

AMENDEMENT AU RESUME EN FRANÇAIS (FRENCH LANGUAGE SUMMARY)

In the Section *Résumé en Français* (in the French Language Summary) appearing on pages 17 to 34 of the Base Prospectus, the Element B.4b entitled "*Description de toutes les tendances connues touchant l'Emetteur ainsi que des industries de son secteur*" is hereby replaced by the following:

B.4b	<p>Description de toutes les tendances connues touchant l'Emetteur ainsi que des industries de son secteur</p> <p>Le plan d'activité 2015 du Groupe s'inscrit en pleine cohérence avec la loi d'orientation et de programmation relative à la politique de développement et de solidarité internationale du 7 juillet 2014 et le contrat d'objectifs et de moyens, et dans la continuité des orientations retenues en 2014. Le contrat d'objectifs et de moyens pour la période 2014-2016 retient 18 objectifs couvrant les domaines suivants :</p> <ul style="list-style-type: none"> - Les aspects financiers et la performance du groupe AFD ; - Les partenariats différenciés ; - Le développement durable ; - Les partenariats et l'influence ; - L'évaluation et l'efficacité opérationnelle ; - La production de connaissances et la formation ; - Le suivi de l'activité. <p>Avec EUR 8,3 milliards d'autorisations d'engagements, l'activité du Groupe devrait croître de 3% par rapport à 2014, avec une contribution majeure des opérations non souveraines qui devraient atteindre 42% de l'activité. Avec environ EUR 3,8 milliards d'engagements en Afrique, le Groupe continuera de se mobiliser afin de contribuer à l'engagement présidentiel de financement à consentir dans ce continent. L'activité de l'AFD en Afrique Subsaharienne et dans la zone Méditerranée représentera 62% du total dans les Etats étrangers. Dans le reste du monde, le mandat croissance verte et solidaire guidera les interventions, avec une forte concentration sur le financement de projets contribuant à la lutte contre le dérèglement climatique, en cohérence avec la préparation de la COP 21 à laquelle l'AFD contribuera activement. L'activité dans la zone Asie-Pacifique devrait progresser par rapport à 2014, passant de 19 à 21% des engagements AFD dans les Etats étrangers, alors que dans la zone Amérique Latine et Caraïbes, elle sera marquée par le développement de l'activité dans de nouveaux pays (Pérou, Equateur, Bolivie).</p> <p>Les autres tendances connues affectant l'Emetteur comprennent :</p> <ul style="list-style-type: none"> - la soumission de l'AFD à l'exercice de '<i>évaluation exhaustive</i>' diligenté par la Banque Centrale Européenne (BCE), tenant au dépassement du seuil en 2014 de EUR 30 milliards d'actifs pour le Groupe. Le 14 novembre 2015, la BCE a publié les résultats de l'exercice de '<i>évaluation exhaustive</i>' relative à l'AFD. L'exercice d'évaluation indique pour l'AFD une insuffisance apparente de couverture de EUR 96 millions en scénario adverse, compensée par un mécanisme spécifique dénommé "Compte de réserve" financé par l'Etat Français pour couvrir les risques souverains et qui figure dans les livres de l'AFD (EUR 547 millions au 31 décembre 2014); - l'évolution permanente de l'environnement économique mondial, - l'évolution des normes IFRS, - le changement des pratiques de compensation - 2015 devrait consacrer la mise en production effective des adaptations effectuées en 2014, et - les nouvelles exigences prudentielles en matière de fonds propres et liquidité. <p>Le 25 août 2015, le Président de la République Française, François Hollande, a annoncé qu'il avait initié une réforme pour rapprocher l'Agence française du développement et le groupe de la Caisse des dépôts. Des informations additionnelles n'ont pas encore été publiées. La transcription de l'annonce de M. Hollande peut être consulté sur le site web de la Présidence française : www.elysee.fr.</p>

AMENDMENT TO THE GENERAL INFORMATION ON THE ISSUER SECTION

The following statement shall be inserted in the recent developments section at the end of the General Information on the Issuer section on page 52. A French language version of this statement is available on the website of the Issuer.

"ECB Resistance Test"

AFD has been informed of the results of the evaluation exercise of bank balance sheets communicated by the European Central Bank on 14 November 2015.

The evaluation exercise indicates that AFD has an apparent shortfall of coverage of EUR 96 million in an adverse scenario, which is offset by a specific mechanism called the "Reserve Account". It is financed by the State to cover sovereign risks and is set out in AFD's books (EUR 547 million at 31/12/2014). ECB has consequently made no recommendation to AFD.

The calculations of the requirement for coverage in the context of the "adverse scenario" have been established by ECB on the basis of elements from AFD's balance sheet at 31 December 2014. In this respect, they could not take into account the agreement signed between AFD and the Government to specify the "sovereign" credit risk coverage. This agreement was only signed in June 2015. Consequently, the apparent shortfall highlighted by this resistance test is only related to the schedule for the formalization of sovereign risk coverage and does not require any specific comments."
